About Me

I am a skilled Data Analytics Expert with a passion for transforming complex data into insightful visualizations. With expertise in data analysis, report and dashboard design, I excel at creating dynamic reports and interactive dashboards that empower organizations to make data-driven decisions.

As a dedicated professional, I stay updated with the latest advancements in the BI tool's ecosystem and continuously expand my skillset. I am proficient in DAX (Data Analysis Expressions) Power Bi, Tableau, Google's Looker Studio, MS Office, SQL and Python. I'm also experienced in creating data-driven alerts, embedding dashboards & reports into other applications.

I am passionate about working remotely, both as a distributed team member or as an independent contractor. I believe I would make an excellent addition to any mission-driven team by bringing Quality, Integrity, Passion, and Collaboration to the team. So feel free connect with me to explore how I can help unlock the full potential of your organization's data.
